NOTED LAWYER TO PLEAD OUR CAUSE

Government Assigns W. C. Dennis for El Paso in Chamizal Dispute.

A young man 22 years of age, yet who has had a most phenomenal career in public life for one so young, will represent the United States before the court of arbitration when it sits in El Paso to settle the Chamizal question.

A dispatch from Washington, D. C., says: "William C. Dennis, Richmond, Ind., formerly assistant solicitor of the United States state department, has returned from The Hague, where he acted as agent for the state department in adjusting the claims of the Orinoco Steamship company against the government of Venezuela. He was complimented by secretary Knox for the efficient manner in which he handled the American interests."

"Mr. Dennis has been appointed agent for the United States in the settlement of the boundary question with Mexico, involving the title to the Chamizal tract in El Paso on the Rio Grande. The land, about 500 acres in area, is valuable and a part of the city of El Paso. The question of sovereign title between the United States and Mexico arose out of the change of the course of the Rio Grande."

"Mr. Dennis, accompanied by Mrs. Dennis, will probably go to Richmond to visit during the holidays with his father, Prof. Dennis, of Earlham college."

Mr. Dennis was educated for a teacher, embarked in the practice of law and has taken a wide interest in peace movements, having been secretary of the Mohonk peace conference in 1901-2. He was also secretary of the section on international law at the International Congress of Arts and Sciences at the St. Louis exposition and a delegate to the Universal Congress of Lawyers and Jurists at St. Louis the same year. These are only some of the important movements with which he has been connected.

Prof. Hiram Hadley, of Las Cruces, has known the young man since he was a mere lad.

HASKELL SIGNS BILL TO REMOVE OKLAHOMA CAPITAL

Guthrie, Okla., Dec. 30.—Governor Charles N. Haskell affixed his signature to the state capital bill while sitting on a stool in a railway eating house in this city last night. The bill locates the capital at Oklahoma City. Shortly after 6 o'clock last evening, the citizens of Oklahoma City met the requirements of the governor that \$71,200 be raised before he would sign the bill, after which the governor immediately took a train for this city.

The governor swung off the train and slipped into the eating house, where he ordered a hearty dinner and, just to give zest to the meal, signed the bill. The bill was then handed to assistant secretary of state Meyer, the governor boarded a waiting train and was rushed back to Oklahoma City.

Guthrie interests have started court proceedings against the legality of the bill.

LOEB BARRED BY UNION LEAGUE CLUB

Cortelyou Is Said to Have Caused It and Roosevelt Is Angry.

New York, N. Y., Dec. 30.—William Loeb, Jr., collector of the port here, has been refused membership in the Union League club, the city's most exclusive organization of Republicans. George B. Cortelyou, once aspirant for the presidency of the United States, is said to have engineered the snubbing which was given Loeb. The latter was instrumental in quashing Cortelyou's ambitions. Loeb has also held up several members of the club and forced them to pay duties on goods purchased abroad.

Recently a member of the wealthy Seligman family was refused membership to the club because he was a Hebrew. The membership committee wrote to Loeb asking him if he was of Jewish extraction. He ignored the letter. The club bases its refusal to membership on his neglect in answering this query.

Friends of Loeb and Col. Roosevelt plan reprisals. On the night of Oct. 11, during the state campaign, Roosevelt visited the club. He was ignored by practically every member.

BATH TUB TRUST LEADERS MAY PLEAD GUILTY IN COURT

Washington, D. C., Dec. 30.—Pleas for clemency, it is reported, will be made to the department of justice by the indicted members of the so-called "bath tub trust." At a conference here today attorneys for both sides will go into the matter in detail. It is said lawyers for some of those indicted have advised their clients to plead "nolle contendere" in the hope of having a court impose fines and not jail sentences.

Attorney general Wickersham has publicly declared he will insist on jail sentences for all violations of the Sherman law.

He personally renewed his instructions in the bath tub case.

TUCUMCARI WORKS FOR BRICK PLANT

Public Meeting To Be Held to Push Movement for New Industry.

Tucumcari, N. M., Dec. 29.—A meeting has been called for Monday afternoon to endeavor to put into operation the plans instituted in this city last summer for the manufacture of building brick under the management of the South-Western brick company, which is composed of a number of local investors. It is said that a 20-foot bed of fine brick shale can be had at the company's lands four miles west of Tucumcari, and that two specimens in particular of finished brick, a white and a red pressed brick, showed excellent qualities when put to a test before investors in the east.

A company in San Francisco has offered to finance the venture, it is said, and a \$10,000 plant will be put in if their offer proves acceptable. It is hoped to be able to put brick on the Tucumcari market at little more than \$12 a thousand.

New York, Dec. 30.—In an interview, Mrs. Augusta E. Stetson, formerly a director of the First Church of Christ, Scientist, in this city, made the positive statement that she expects Mrs. Mary Baker G. Eddy will yet "demonstrate" over death.

"I believe," she said, "that Mrs. Eddy will make a manifestation that she will reveal herself to me and others of the outside world. The same situation exists today as when Jesus of Nazareth was buried."

After three days he manifested himself to prove that there is life after death."

Of the Masonic lodge, the retiring officers were J. P. Richardson, of Dragoon, worthy patron, and K. Houser of Wilcox, worshipful master. R. J. McKinney, of Cochise, was elected to succeed to both of these offices.
